Background

The UN-REDD Viet Nam Phase II Programme is a part of the United Nations Collaborative initiative on Reducing Emissions from Deforestation and forest Degradation (UN-REDD). Phase II of the Programme was launched in July 2013 after Phase I ran from 2009 to 2012 (Decision 1724/QD-BNN-HTQT dated 29th July 2013). The Programme will assist Viet Nam to implement the National REDD+ Action Programme (NRAP), and benefits from the convening power and expertise of the Food and Agriculture Organization of the United Nations (FAO), the United Nations Development Programme (UNDP) and the United Nations Environment Programme (UNEP). The Programme will be implemented till the end of 2015 with total ODA support (grant) of over USD $30 million. Vietnam Administration of Forestry (VNFOREST) under the Ministry of Agriculture and Rural Development (MARD) is the Programme Owner.

The overall objective of Phase II is “to enhance Viet Nam’s ability to benefit from future results-based payments for REDD+ and undertake transformational changes in the forestry sector”. This objective will be secured through the following six Outcomes:

Outcome 1: Capacities for an operational National REDD+ Action Programme (NRAP) are in place
Outcome 2: The six pilot provinces are enabled to plan and implement REDD+ actions
Outcome 3: National Forest Monitoring System (NFMS) for Monitoring and Measurement, Reporting and Verification and National REDD+ Information System (NRIS) on Safeguards are operational
Outcome 4: Stakeholders at different levels are able to receive positive incentives
Outcome 5: Mechanisms to address the social and environmental safeguards under the Cancun Agreement are established
Outcome 6: Regional cooperation enhances progress on REDD+ implementation in the Lower Mekong Sub-Region

To implement the Programme, a UN-REDD Programme Management Unit (PMU) is established (Decision 1867/QD-BNN-TCCB dated 13th August 2013), under the leadership of the National Programme Director (NPD), representing the Viet Nam Administration of Forestry (VNFOREST).
